### CLUB, COUNTY, AND NATIONAL FUTURES SQUADS

Players making good progress and showing potential may be invited to join one of these squads. Emphasis will be on the mental, physical, technical and tactical aspects of the game.

Our Junior Tennis courses start with mini tennis - a game which has been developed for younger players where the skills of tennis can be learnt. There are three stages - red, orange and green. Its a system where the size of the court and the speed of the ball are matched with the size, age and ability of the players. the court size and ball speed increase as skills progress. Sessions then progress to Intermediate right through to National Futures Squads

Please check out the back page for descriptions of each course.
